

Model 110 Quick Closing Barrel Faucet

SPECIFICATION SHEET

Designed for use on barrels, drums, and small utility tanks for low pressure or gravity flow dispensing. The normally-closed valve must be held in the open position for dispensing.

Features

- Self closing
- Lockable
- Built-in hook makes it easy to dispense into small containers
- Rated to 50 PSI

Construction Details

- Brass body
- Brass cap
- Buna-N disc (Viton® and Teflon® available)
- Stainless steel spring

Certifications & Listings

- ¾" and 1" models with Buna-N seals are UL listed
