

M 918 Series Single, Dual, & Quad Channel Alarm Box

WHAT'S NEW

Morrison's 918S/D/Q tank alarms have been updated to the newest UL 913 standard. In addition to the UL update, enhanced functionality has also been added:

- ON/OFF power switch
- ON/OFF switch for audible alarm
- ON/OFF switch for auto-silence feature
- Normally open/normally closed inputs selectable by channel

New item numbers have been assigned to these updated tank alarms. Please make note of these item number changes:

PREVIOUS Item Number	NEW Item Number	List Price
918S--1000 AA	→ 918S--1100 AA	<i>No price changes!</i>
918D--1000 AA	→ 918D--1100 AA	
918Q--1000 AA	→ 918Q--1100 AA	

For additional details, please refer to the **918 Tank Alarm specification sheet**.

Beginning July 1, this **list of 918 products** will include the new updated alarm. To make this change easier, the item numbers for these products will remain unchanged.

Morrison will continue to support the previous tank alarms--model 918S--1000, 918D--1000, and 918Q--1000. Contact Customer Service for any replacement part requirements.

If you have questions, please contact your Morrison Regional Sales Manager or a Morrison Customer Service Representative.
