

## Activation Instructions for Morrison/FuelCloud

To acquire a license file for an existing 1218 system, perform the following steps:

- Locate the serial number found on the barcode on the back side of the console door or refer to the “Update” section in the navigation menu of the 1218 web portal.

The screenshot shows the '1218 Electronic Tank Gauge' web portal. The user is logged in as 'Admin'. The site is 'MORRISON 7TH ST - Console: ENG DEPT'. The 'Update' button in the left navigation menu is circled in red. The 'System Information' table is also shown.

Hardware	Firmware Version	Serial Number
1218C Console:	3.0.0	0004-A30B-003E-A2D4
1218S Sensor 1:	03.23	E681-A355-4017-1B42
1218S Sensor 2:	03.22	1DDF-3965-503A-7B42
1218S Sensor 3:	03.22	EB62-FC65-6090-F742
1218S Sensor 4:	03.23	5CDF-3965-80EC-7242

- When contacting Morrison Bros. Co. customer service to receive a license file, the 1218 console serial number will need to be provided.
- Contact Morrison customer service department at 800-553-4840 and request a license file.
- The license file will be emailed to you. Save the file to your computer.
- Under “FuelCloud Settings” on the 1218 dashboard click on the CHOOSE FILE button.
- Browse to find the license file you saved from Morrison Bros.
- Click on the file.
- Click on the UPLOAD LICENSE button.
- Page will automatically refresh when upload is complete.

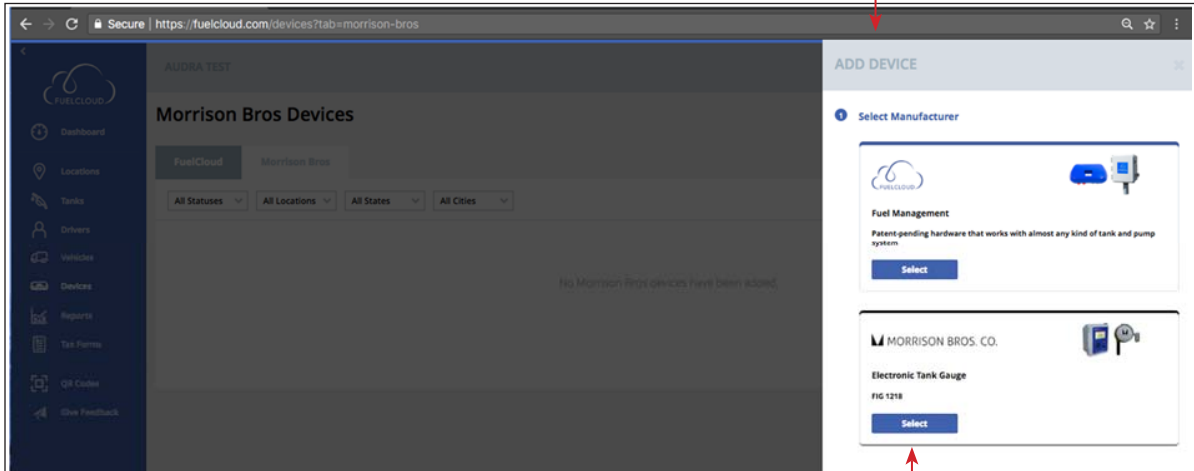

The screenshot shows the '1218 Electronic Tank Gauge' web portal with the 'FuelCloud Settings' section expanded. The 'Update' button in the left navigation menu is circled in red. The 'FuelCloud Settings' section contains an upload form with a 'Choose File' button, 'No file chosen' text, and an 'Upload License' button.
